SUBJECT: Academic Activities for the First Quarter of the 2004-2005 Academic Year

The Distinguished Professor's Lecture Series is in support of members of the Class of 2006. All Faculty are encouraged to take advantage of these outstanding academic opportunities. Please join us at 1600 hours in the Jay P. Sanford Auditorium at USUHS on the second and fourth Thursdays, unless otherwise notified.

08 JULY	SIR Barry JACKSON London (Royal Society of Medicine)	Sixth Francis D. Moore Distinguished Lecture "Hitch Your Wagon to a Star"
22 JULY	DR. DAVID ROSENTHAL Atlanta (Baptist Hospital)	"13 Days in May"
12 AUG	DR. PHILIP C. CORCORAN Washington (WRAMC/USUHS)	"Cardiothoracic Surgery"
<i>19th Surgery for Trauma Day</i>		
26 AUG	DR. DAVID G. BURRIS Bethesda (USUHS)	Seventh William R. Drucker Distinguished Lecture
09 SEPT	DR. F. WILLIAM BLASIDELL San Francisco (UC Davis)	"Surgery for Trauma"
23 SEPT	DR. MICHAEL R. MAROHN Bethesda (Johns Hopkins/USUHS)	"Emerging Technologies in Surgery"

The Monthly Vascular Case Presentations for a one hour session will immediately follow the Distinguished Professor's Lecture on the second Thursday in July at 1700 hrs. The *19th Surgery for Trauma Day* dedicated to MS-III Class of 2006 will be another outstanding program as our quarterly Surgical Day required for the third-year medical students on the surgical rotation. **MS-III on the Surgical Rotations are reminded that the above outstanding academic opportunities are a required component of their surgical rotation** organized for their educational benefit.

All Faculty are, also, encouraged to participate in the Department meeting on the third Thursday in July-September 1500-1530 hours. In our efforts of Continuing Quality Improvement and improving communications this is an administrative/information session for all in the Department of Surgery who can and wish to be involved.

We hope that using the Aweb@ surgery@usuhs.mil, will continue to expand exchanges and improve our collective contributions to the common mission. Exciting developments continue to be in the new surgical research laboratories, the Simulation Center, documentation of our Military Surgical Heritage and the Endowments/Professorships. We will leave a legacy emphasizing the Department of Surgery support for our School of Medicine and for our University. The Transition continues to go smoothly and we look toward the next 25 years as we reflect with gratitude for all involved for the first 25 years. Your comments and questions are always welcome. Thank you very much and best wishes.
